

CARGAZING

2024 CHEVROLET EQUINOX

Space, Technology and Value

PRESS RELEASE

The Chevrolet Equinox is a fresh and modern compact SUV featuring an expressive design, ample cargo space, Chevrolet's latest connectivity, an expanded roster of available safety features and an all-new range of turbocharged engines.

The spacious cargo area features storage options such as a large, hidden underfloor storage space and a flat cargo floor that helps make loading and unloading easier.

Purposeful technologies are designed to help passengers be safe, comfortable and connected. Teen Driver is offered, along with safety features such as Safety Alert Seat, Surround Vision, Forward Collision Alert with Following Distance Indicator and more.

Equinox's body structure design was optimized with a mixed-material strategy for strength and low weight. More than 80% of the Equinox's body structure is composed of high-grade steel materials, with high-strength steel comprising nearly 20%.

NEW FOR 2024

- Exterior colors: Riptide Blue Metallic and Lakeshore Blue Metallic

- Driver Confidence II Package now includes Lane Change Alert with Side Blind

The Chevrolet Equinox offers a wide variety of safety and comfort technologies in an affordable compact SUV.

Zone Alert and Rear Cross Traffic Alert. It is standard on LT, RS and Premier (includes Front and Rear Park Assist) and available on LS (includes Rear Park Assist1)
