2021 HONDA ODYSSEY

Popular Minivan Gets Makeover

Updates Include Industry-First Rear Seat Reminder with Integrated Camera

PRESS RELEASE

The refreshed for 2021 Honda Odyssey receives numerous updates to styling, along with upgraded technology and safety features to further strengthen its position as America's retail best-selling minivan for the past 10 years, the top choice of American families looking for the ultimate fun family vehicle.

Prices for the 2021 Odyssey start with a Manufacturer's Suggested Retail Price of \$31,790 (not including \$1,120 destination and handling charge).

NEW LOOK

A restyled grille and front bumper fascia, revised front lighting and new black trim under the rear window give Odyssey a fresh exterior look. Inside, Odyssey offers upgrades to functionality and luxury: The second-row seats on all Odyssey trims now fold nearly flat, making them easier to remove while enhancing cargo-carrying options, and expanding on the flexibility of Odyssey's exclusive Magic Slide™ second-row seats.

Odyssey EX and higher trim levels also get restyled seats and new tri-color floor mats, while EX-L and above receive and power lumbar support for the front passenger seat and contrast

seat stitching. Odyssey Touring and Elite also get new piano black trim on the dash, doors and front door handles, while Elite receives additional luxury touches.

FEATURES

A new Rear Seat Reminder system is standard and can also be integrated with the available CabinWatch child viewing system, an industry first.

For the first time, Odysseys equipped with CabinTalk and CabinWatch can use both systems simultaneously, and the upgrade will be retroactively applied to similarly-equipped 2018-2020 model Odysseys through an over-the-air update.

Also, important upgrades to Honda Sensing add Low-Speed Follow, Pedestrian Emergency Braking, and Traffic Sign Recognition to the newly standard suite of

safety and driver-assistive technologies.

AMERICAN INNOVATION

As America's best retail-selling minivan 10 years running, American consumers have purchased more than 1.1 million Odyssey minivans during that time, and Odyssey has consistently set the standard for family-friendly features, space and sporty driving performance in a

minivan. Odyssey was the first to introduce minivan innovations such as third-row seats that fold into the floor, the first built-in vacuum cleaner, HondaVAC, and the first in-cabin rear seat viewing system, CabinWatch.

The 2021 Honda Odyssey is made exclusively at Honda's Lincoln, Ala. auto plant, alongside Pilot, Passport, and Ridgeline, using domestic and global-

BY THE NUMBERS

Base Price: \$31,790
