ZOOM

TECHNICAL DESCRIPTION

Evo Zoom 16 Long Snoot is a Constant Voltage single source LED spotlight that is machined from aerospace grade aluminium 6063-T6 and comes as standard in white, black and brushed aluminium finishes. It has a lockable tool-less mechanical zoom for ultimate flexibility post installation and fully lockable bearing aided pan and tilt. The zoom beam in our 9.00W 700lm module has a peak intensity of 13597cd. An accessory holder is available separately that can accommodate 55mm (2.16") lenses and louvers. The Jack Plug is compatible with Precision Lighting's 24V Jack systems. The onboard 24V DC driver ensures overcurrent protection and is not polarity sensitive. An external AC to 24V DC power supply is required.
