

**Features**

The MK45V Channel is a linear aluminum extrusion that has been designed to fit many LED lighting needs and specifically corner applications. Multiple configuration options allow for great flexibility in any installation. Its small extrusion profile allows for more discreet integration into architectural elements, enabling a subtler, more refined aesthetic in both commercial and residential settings. MK45V Channel comes with multiple choices of diffuser lenses. Extrusion and lenses are field cuttable. Channels come with specified Mounting Clips and End Caps.
