

# STENOS LINEAR TRIMMED DOWNLIGHTS

\*optics and light engines are field-changeable

## DOWNLIGHTS DESIGNED TO KEEP YOU IN THE ZONE

The STENOS linear micro-optic downlight collection is exceptionally compact, offering three discreet profiles in 3", 5", and 12" sizes, with both trimmed and trimless options. STENOS downlights produce an output range of 250-1260 lumens, feature a +/- 30° aimable tilt, perfect beam quality, and magnetic beam shaping accessories, including optic + glare

control louvers for 15°, 30°, and 60° beam options, and a wall wash for the 5" and 12" profiles. All STENOS downlights are field configurable, featuring a constant voltage design that enables multiple fixtures to operate from a single power supply, resulting in a simplified installation and overall cost savings.
