She alleged they trafficked her to the Duke of York when she was 17 and was three times sexually assaulted by him - a claim which Prince Andrew has denied. The prince reached an out-of-court settlement with her in 2022.

Lady Victoria, who had a brief fling with the Prince, reacted to the news saying: 'When lies catch up to you there's no way out.'

A second story, two hours later, added: 'I have taken the decision to pause my posts on [REDACTED] at this time.'

'Irrespective of the circumstances, suicide in anyone at any time is tragic, and in a young mother who has children, even more so.'

But she is yet to delete her initial statement - which has now been live on her page for seven hours.

Lady Victoria was perhaps best known for a brief fling with Prince Andrew before quitting the UK for Hollywood, where she secured a small part in a Tom Hanks movie.

The socialite has since made a name for herself as a cheerleader for Donald Trump and a public defender of her royal ex.

Claiming she is a 'truth warrior', she has been branded a conspiracy theorist for claiming Covid vaccines were part of a plot orchestrated by Bill Gates to 'depopulate the world'.

She also has other theories about 9/11, JFK's assassination and the moon landings.

Reacting with fury after her post, social media users branded her a 'sick', while another said it was 'despicable'.

Lady Victoria claims Prince Andrew was 'set up' after an 'organised attack on the Royal family', and launched a social media attack on Ms [REDACTED] who won a multi-million pound settlement from Prince Andrew following claims she had been forced to have sex with him three times at the age of 17 when she was trafficked by his friend Epstein.

Andrew repeatedly denied her allegations and has said he can't recall ever meeting her, although a photograph of them together in a London townhouse, his arm around her bare midriff, was included in [REDACTED] lawsuit against him.

She insisted Ms [REDACTED] credibility had been 'destroyed' after she was released from hospital following a dramatic claim that she had only 'four days' to live after a car crash in Australia.

Critics slammed the former socialite as 'nasty' and 'vile' after her brutal Instagram post in which she shared Ms [REDACTED] selfie of herself with a badly bruised face and claiming that she was about to die from kidney failure with the word 'Karma'.

It was accompanied by the soundtrack of Europe's 1986 hit The Final Countdown to mock her claims.

She later told MailOnline that Ms [REDACTED] was a 'fantasist' who was faking or exaggerating the seriousness of her condition in order to 'emotionally blackmail' her children who appear to be with her estranged husband.

17. She is seen here alongside the two

She added: 'I got a lot of abuse on social media for calling her out and saying that I never believed her. I have no regrets about what I said, and I have been proved right. Her credibility is destroyed.'

Lady Victoria branded Ms [REDACTED], 41 'the Queen of the fake photo'.

She has long insisted that Ms [REDACTED] - who was a spa attendant at Mar-a-Lago when she was first approached by Ghislaine Maxwell and introduced to Jeffrey Epstein - used an 'Irish body double' to fake the famous photo that appeared to show her as a teenager with Prince Andrew in Maxwell's London home.

Lady Victoria once claimed that Maxwell had used her as 'bait' to attract women to Epstein's parties but is now fighting to get her released from prison in the US after she was jailed for enticement of minors and sex trafficking of underage girls.

She recently said: 'I've been writing to Ghislaine in prison and am in touch with Prince Andrew, but I can't discuss him, although the Palace is fully aware of what's going on.'

'It is delicate, but I think there is hope for Ghislaine.'

Ms [REDACTED], who was trafficked by Jeffrey Epstein as a teenager, took her own life at her farmhouse in Neergabby on Friday night.

She was one of the most prominent accusers of convicted sex offenders Epstein and his former girlfriend Ghislaine Maxwell, who she said kept her as a sex slave while flying her around the world and offering to their powerful associates 'like a platter of fruit'

A WA Police Force spokesperson told the Mail preliminary findings indicated the death was 'not suspicious' and that paramedics had provided 'emergency first aid' shortly after arriving at the home.

'About 9.50pm Friday 25 April, emergency services received a report a woman had been located unresponsive at a residence in Neergabby,' they said.

'Police and St John WA attended and provided emergency first-aid. Sadly, the 41-year-old woman was declared deceased at the scene.

'The death is being investigated by Major Crime detectives; early indication is the death is not suspicious.'

Ms [REDACTED] family confirmed her death in a statement, writing that she had lost her life to suicide after grappling with being a sex trafficking victim in her teens.

'Virginia was a fierce warrior in the fight against sexual abuse and sex trafficking,' the family wrote in the statement.

'She was the light that lifted so many survivors. In the end, the toll of abuse is so heavy that it became unbearable for Virginia to handle its weight.'

Epstein killed himself while awaiting trial on federal sex trafficking charges involving dozens of teenage girls and young women, some as young as 14.

Ms ██████ said Maxwell hired her as a masseuse for Epstein, but the couple effectively made her a sexual servant, pressuring her into gratifying not only Epstein but his friends and associates.

Originally born in Florida, M ██████ had moved to Australia with her husband Robert in 2019 prior to Epstein being arrested. The couple share three children.

Most recently, she had been sharing images of herself to Instagram from a hospital bed after being in a car crash, stating doctors told her she had just days to live.

She said her car had been hit by a school bus travelling at over 60mph and the accident had left her with kidney failure.

The photograph showed discolouration to Ms ██████ face and chest which has been described as severe bruising.

Three days after the picture emerged, a spokesman for ██████ said she had 'made a mistake' and had not intended to share the post publicly.

This email is to honor a true hero. I woman I would have given anything to hug. I would have given anything to have a daughter like her. She was a woman who inspired my art over seven years. A beautiful mother. A hero to me. THIS IS THE SADDEST MY HEART HAS EVER FELT!

PODMOBsters made her suffer endlessly. I hope everyone is deeply ashamed. Whitney Webb was a nightmare for us all, the last few years. All bc I picked up my phone to a cold call the day following brain radiation surgery. Katie thought it was funny/clever to force those faces in our faces as I begged for mercy. ALL OF YOU ARE NOT WORTH MY BREATH! I tried to protect my hero and you LAUGHED AT ME! BE ASHAMED KIM/Katie and all podcast mob! Candace stop abusing victims! All of you STOP IT WITH YOUR BS CONSPIRACIES ABOUT EPSTEIN/DIDDY/TATE bc you were never there! You harmed my hero you EFFERS! She is dead. Are you happy?

[REDACTED] used her until she was worn out and they never told her how much we love her. Instead they kept using her for personal gain. BRAD STARTED THE USURY OF [REDACTED] !! He dragged her through mud for personal gain just as he dragged me, and she said "Brad really outgrew his britches". YOU BETTER NOT MAKE AN OPPORTUNISTIC STATEMENT BEDWARDS YOU PERVERTED NASTY AF USER WHO SLEPT WITH YOUR LAW PARTNER WHILE YOU TRAFFICKED [REDACTED] ME TO YOUR ONLY MALE LAW PARTNER!!

[REDACTED] THE FBI "agent" just "erased" my report this week and now I hope she is thrilled with herself? Your goal at FBI is to drive everyone to suicide, isn't it? I suspect that is the goal of WHITNEY WEBB AND ALL PODMAFIA AS WELL! They have been ruthless and will never be forgiven by a victim alive. SERIOUSLY I DETEST THE VERY SIGHT OF ALL OF YOU! I told you this wasn't a game Kim. You irrelevant creatures took ownership of our suffering, and erased us! You treated our case like it's a game.

WHAT WILL IT TAKE TO MAKE LIARYERS, FBI, and Podcast mob behave?! WHAT WILL IT TAKE?!

In honor of Virginia, I won't tell you how much I hate everyone who used her. I lived in fear 24/7 she would be harmed. Instead of sharing my hatred of your actions, I'm insisting everyone do right by my hero and honor her name! STOP HONORING BAD "journalist" conspiracy peddlers who used our suffering for years as we watched/endured/vomited! I blame myself for picking up the phone. I blame BRAD/DAVID/SIGRID for killing my hero via usury. Not one of you will be forgiven by my sister and I. Not one of you. SO DO YOUR DAMN JOBS AND BEG THE WORLD TO SEE HOW BRAVE THIS ANGEL WAS!

HONOR HER FOR THE LOVE OF GOD!!! HONOR MY HERO!!!
