Thanks so much [REDACTED] I love this email. I have been being very supportive and talking to [REDACTED] and listening every night when he gets home. I agree he needs to prove himself again and then go in for a revaluation of his 'hit'

Always appreciate your advice and knowledge! Xo

Duh - I didn't even know you were totally on propane! So that's really interesting and something I would have never guessed BUT, the professional 'propane supplier' guy should have recognized it immediately! I can NOT see where you should have to pay him for the useless trip. (Pay him for more propane!)

I see your point about the \$\$ penalty. [REDACTED] strategy of 'cooling it' for now and bringing it up later after feelings have calmed, sounds like a good idea.

The VERY best fix for it all of course, will be for [REDACTED] to get in there and trade up a STORM and bring in the big \$\$ and WOW the whole company! He can DO IT! And YOU can be supportive and help him FOCUS.

Isn't life interesting – not easy, but if you're doing it right – always INTERESTING! Good luck to [REDACTED] and Much Love to all, [REDACTED]

The resentment factor will for sure come to a head...we have already been discussing it...Maybe its not so much 'resentment' as it is [REDACTED]

Ok, ...the dead animal was not a dead animal...we completely ran out of propane! the smell was the end of the tank...the same day I had

Gault out in the morning I had to make an emergency call to them that night saying we had no heat, I couldn't cook, our fire place wasn't working, no hot water...it was obvious we needed a delivery of propane! Apparently it is dangerous to let your tank go completely dry also...anyway, we are all good now but I don't feel like i should pay the \$125 for the morning service call!

Yes, GREAT visit – we loved having you here!

Bummer for Ike, but really glad it's no worse. In the scheme of things it is only a minor set-back and he'll be stronger from it in the long run.

The worst thing I can think of that might come from this episode is the 'resentment' that [REDACTED] might feel towards the partners for the punishment they have imposed on him. That attitude couldn't be at all helpful at work! Hopefully he will be able to rise above and take it in stride and show his STRENGTH! Lesley, you are his supportive major cheerleader and will help soothe him through it.

We have experienced several 'dead things' under our deck and hot tub and know it can be very stinky – but the smell goes away fairly quickly. Can you search for and screen over any outside openings in the vicinity? Winter season is the best time to discover such a thing – some sort of rodent probably already has!

It's all good, I LOVE U [REDACTED]

It was sooooo great to see y'all...really had a super trip. [REDACTED] you seem totally fine!!! but I am glad you are on top of your health...I'm sure all will go well [REDACTED] and you will be on your way to checkout the new [REDACTED] shortly there after! [REDACTED] LOVED our 5 mile + walks with weights! Great exercise with great conversation. My favorite ...especially with you! Thank you for my Cowboy Boots! I love them and will get WAY more use out of them being black! They are really nice.. [REDACTED] was impressed!

[REDACTED]

The smell in the stairway to the basement is terrible. [REDACTED] says he has smelled it since about last Thursday. I thought we should call Gault (our propane supplier immediately, but [REDACTED] didn't want to...late and he just wanted to enjoy us being home, etc) So we went to bed and at 2:30am I couldn't sleep thinking that our house could explode any minute. I shut off the gas to the house with the emergency switches and laid in bed wondering if this was enough to keep the house from exploding (while bothering [REDACTED] who really needed to sleep). I called Gault this morning at 6am and the guy was here at 8:30am. He walked all around, checked everything and determined a dead animal must be in some crawl space somewhere and it will probably go away in a week or 2. I feel much better knowing this and it is worth the \$125.00 invoice!... My family is safe!

LOVE YOU BOTH! [REDACTED]

Hi morning! Thank you for this email which

includes your schedules! Below is my edit!

and I will spend night with Thursday. If I have car we can drive ourselves to your house on Friday from around noon. If not maybe can bring us or we can Uber (or you pick us up after your appointments? I need to find out from .

ri morning or skipping half day!

Regardless though I thought we (and I) would have lunch with y'all maybe the burger place that was so good we went to last time we were here. Then we need to drop

Then we all go boot shopping Friday afternoon?! Unfortunately's not coming. Way too busy at work with other employees already out this week as other big things going on which I need to talk to you about. So Friday night dinner will be just and lesley. I would love to go to a NICE restaurant! Not a taco stand. I will spend the night at your house.

Does all sound ok? I need to figure out the Friday morning part of this and if I will have a car. But as I said regardless I want the 4 of us to have lunch after you are done with appointments!
