Hi Mark...so sorry to hear about your mom :(It is never easy

I will speak to Jeffrey and try to find out what he will be up to over the weekend and get back to you as soon as I can.

Take care, Lesley

Greetings, LG!

I'm flying to NYC this week - sadly, for my mom's funeral - and was wondering what JE's availability might be re: meeting Sat/Sun. If unavailable those days but available Mon 4/8 morning, that would be possible too.

Gratefully,
Mark

Hi L - Thought I'd resend this summary email w/ attachment as it's been a week or so - Thanks! M

Hi LG - as we just discussed..sorry it's so long-winded - I'm sure you can edit verbally to size! I'm attaching an updated CV too in case you think that's a good idea.

***Where things stand in 2012 -

- have contract w/ Oxford Univ Press to write first textbook in field, Cognitive Neuroscience of Music (complements first-ever course, started at Harvard in 90s, Music Mind & Brain - see www.BrainMusic.org/Education), looking for support that would provide time to complete text in 2013 side-by-side with -
- "Why Music? Mind, Brain & Human Sociobiology" - signed w/ Kris Dahl of ICM Talent, NY Times best-seller agent (chose her over Brockman, Stroman). She says based on my track record (CV attached), pioneer status in field, public relations history, and not factoring in trade book and potential music boost (below), she expects six-figure advance
- book tour in US and Europe expected after release "Why Music?" in 2014
- recorded song at Universal Music studios - co-wrote and performed (vocals, guitars) with "Hit-Boy" - Chauncey Hollis, producer/writer for Beyonce, Kanye West, Jay-Z, L'il Wayne (top secret at the

moment); can You-Tube search Hit-Boy interviews and recent Top-10 hit "Niggas in Paris".

- song passed two auditions at A&R, Universal Music publishing - Tom Sturges, Executive VP/Head of Creative sent to Lorne Michaels for Andy Samberg and Lonely Island to do, but Samberg left SNL, LI broke up; then Assoc Director gonna pitched to Beastie Boys but lead Adam Yauch died; so "Prof T" is doing it with engineer/producer Stan Malveaux (regular at Universal, recently worked with Patti LaBelle, Janet Jackson's producers, many others).
- now set to make video, record in final production/mastering stage, more songs to A&R needed and publishing contract in reach;
- meanwhile, totally unrelated: vinyl of 70's rock musical (now called "70s indie psychedelic folk/rock - huh?) rediscovered by NY DJ, now being auctioned on web for \$500! M has gotten emails over from Japan, France, Denmark, US asking for LP over past 5-10 yrs. Could be placed with indie label, eg Sundazed Records or better.

***Aims for 2013-14 are:

- to publish with Oxford "Cognitive Neuroscience of Music" textbook for scientists working in the field and the increasing number of professor and students studying the psychology and neuroscience of music (and visiting The Institute's website and eLibrary, which continue to grow
- to publish with Random House or a similar house "Why Music? Mind Brain & Human Sociobiology" for a general audience that will make comparisons with Levitin's book unfair (note: the only Fig of the brain in that book is M's from Science pub) and set the stage for Tramo to succeed Sachs in the wake of the latter's passing. Get \$100k - \$200k advance in 2013 with substantial proposal - feasible per Kris Dahl

- to publish a (hit) record and video on iTunes and YouTube with Beyonce/Kanye's producer Chauncey Hollis, follow-up w/ 1-2 records/videos, sign contract with publisher, possibly (indie) label
- do an unprecedented, crossover, book/small-venue concert tour in universities around the US and Europe in 2014-5

I'm flying into Manhattan
12/22 for a week or so and
would love to see JE and his
right hand. Will he and you be
around? There's a fair amount
of "mavericky" kinda stuff
going on in that I'd like to
tell him about (and play for
him) in person - if you have a
number I could call you at
later today (my cellphone got
wiped at the MRI Suite!) I
could explain to you what's
happening so perhaps you could
give me some feedback and
advice.

Cheers,
