I actually think 4:30 will work. He has a 3:00 and then a 6:30...so it is possible he is even home at this time (although, he may have scheduled something in himself I do not know about) If he does not call her at 4:30, let me know and I will hit him up for another time.

Is there a better time when he will be at the office or at home so we can lock in an exact time?

DANA, I just spoke to Jeffrey and he says he will try to call ghislaine at 4:30. He will be out and about at this time and I will for sure remind him to do it!

Great and if you could also confirm the number we should call him, please.

I think 4:30 should be just fine. Let me confirm with JE however. Will get back to you

Hi [REDACTED]

Ghislaine would like to have a call with JE today (afternoon time). Does 4:30pm work for JE?

Best,

Dana
