Subject: Re: 30 DNA Kits to arrive the house

Is there a chance it will get delivered today?

for Jeffrey (I do not know where they were ordered from or how they will be
delivered? Fed Ex? DHL? Amazon? Just please keep an eye out for a box full of
the kits addressed to Jeffrey)...once we receive the kits let me know right away...we
then need to get them to Mike, the supervisor of Emirates at JFK Airport...where he
will get them on an airplane to Dubai for Mohamad Maktoum.
