larry jeffrey mentioned maybe you would go to see boat and do a sea trial - not sure he is 100% that he wants to buy this boat but has shown interest

[REDACTED] can you please put newport road island show dates in JEE calendar as a reminder thank you

not sure if you are still interested in sealegs
hugh(us sealeg rep) thinks seeing full line of boats and performing seatrial at
newport, rhode island show would be best

show dates are:

Thursday, September 14, 2017	10am-6pm
Friday, September 15, 2017	10am-6pm
Saturday, September 16, 2017	10am-6pm
Sunday, September 17, 2017	10am-5pm

<http://newportboatshow.com/>

should i have [REDACTED] put on reminders or pass
please advise
thank you

Hey Richard

Great speaking with you today. I think having you up for the Newport boat show is by far the best way to fully experience what SEALEGS has to offer. You'll not only be able to see all of our models (both new and pre-owned) but also have the chance to demo each. We would love to have you and can arrange tickets accordingly.

Our Sealegs craft are very special amphibious craft which will transform your boating experience and bring you and your family considerable enjoyment.

The ability to launch and land in places with ease and visit places you never thought possible will revolutionize your

boating. One of the greatest benefits of Sealegs over traditional vessels is the ease and safety of launching - no trailer - no tractor - no concern about the tide - no assistance required. You will use your Sealegs far more often than a traditional boat. Statistically, Sealegs owners use their Sealegs 4-5 times more than if they were using a traditional boat and trailer. Accordingly, your investment in a Sealegs amphibious craft represents excellent value.

Sealegs are high performance craft whose performance is not compromised by its amphibious capabilities.

There are 8 different models of Sealegs craft available: <http://www.sealegsrecreational.com/>
6.1m, available in a RIB or an aluminum D-tube
7.1m, available in a RIB
7.7m, available in a full width console RIB or as a Cabin RIB.
2100ST Stabicraft Amphibious by Sealegs
9.0, Interceptor

I have attached some Brochures for your information including a Pricelist link which shows all the different options available, such as biminis, storage covers etc. <http://www.sealegsrecreational.com/sealegs-pricing-USDa.html>

If you would like to view further information, photos and videos of Sealegs craft in action please visit our website www.sealegs.com or at our YouTube page (<https://www.youtube.com/user/SealegsAmphibious>)

Thanks again for your interest in Sealegs, and I hope to hear from you soon.

Kind Regards,

Hugh Maxwell
