-I made [REDACTED] an appt with Dr. Montanaro for 12pm on Sat...can you take him? We should not be charged as the wire fell off about 15 minutes after we left his office. [REDACTED] cut it off. I am going to class in Greenwich with Ash on Sat. for 11am class.

-Erin showed up at their house this past Sat. crying hysterically and begging for their forgiveness...Braden is now a mess and so is Ash...such a disaster.
