**Subject:** Children Count

Good evening Boss,

As per your request, the count of children for laptops are as follows:

LSJ (as per Jeanne) = 18

STC = 14 (if the criteria is college age or younger the count is 6: Anna 3, Jeanne 1, Cecile 1, Jermaine 1)

Sir in addition, Lucas, Sophia, and Daphne don't have any children. :p>

May I offer suggestion for your consideration of an Ipad for Daphne and Sophia since they don't have any children, and a laptop for Lucas since he is a college student and Una's youngest?

Respectfully submitted

JRuan
