I tried that five times in the past two days . You can put all the blame on me . I wanted to have a talk . I cannot deal with the girls girls girls excuse= especially when there none. Calling demon a pro, suggesting [REDACTED] left because of her , ignores reality and blames others . I am sorry you feel not special, I am sorry you feel the need to place your pictures in ever available space , I am sorry you treat people less fortunate than yourself with arrogance instead of kindness I am sorry I have not been able to explain things to you.
