Mohammed, its almost new year and I m thinking of you... You are the person I m thinking of at the last minute of 2009 and at the first minute of 2010... I don't feel that you are far away, I feel like you here with me holding my hand... This 2010 year is ours! Something tells me we will be very happy!

And I want to make you happy and to take care of you! Just give me some time to know you better and to open myself.

Miss you every single moment. Miss you when I watch tv shows without you) when I put my lip balm) when I put cream on my hands and want to put it on you)

Happy new year!
