Subject: Re: penultimate version-CONFIDENTIAL

During the event, a sexual harassment complaint was filed with the administration against him, the institute confirmed. "In 2012, as part of a formal review of its internal policies, the institute made a decision that he would not be invited to return," a spokesperson for the Perimeter Institute told BuzzFeed News by email. BuzzFeed News does not know the identity of the complainant, and the institute would not provide further details about the incident due to privacy concerns.
