How to Earn Daily on Tiranga Game

Earning daily depends on two things:

1. **Your color prediction strategy**
2. **Your risk control and money management**

Most players earn ₹100–₹1000 every day by following disciplined methods. Here's how:

1. Start with Small Predictions

When you are new, avoid big bets.

Start with ₹10–₹20 predictions to understand the pattern and timing of Tiranga rounds.

Small bets help you:

- Reduce losses
- Understand game flow
- Learn patterns safely

Once you gain confidence, increase your prediction amount slowly.

2. Follow the Most Trusted Color Trading Patterns

Here are the most effective Tiranga Game color trading patterns:

♦ Pattern 1: RGRG Sequence

If Red and Green appear repeatedly ($R \rightarrow G \rightarrow R \rightarrow G$), the sequence usually continues. Follow it for 3–4 rounds for safe winnings.

♦ Pattern 2: Triple Color Break

When one color appears 3 times continuously (e.g., R R R), the 4th color is usually different.

Predict the opposite color for higher chances.

♦ Pattern 3: Delay Pattern

If Violet hasn't appeared for many rounds, the chances of Violet increase.

Violet gives **4.5× reward**, so even small bets become profitable.

♦ **Pattern 4: Mirror Prediction**

If the last 10 rounds show a repeated mirror result (like G R G R G), predict the next mirror result.

These patterns are widely used by experienced players.

3. Use the “Safe Trading Method” to Earn ₹200–₹400 Daily

This method is best for beginners:

- Bet ₹20–₹30 in each round
- Play only 10–15 rounds daily
- Use pattern-based predictions
- Stop playing once you hit your target

With this method, you can consistently earn daily without taking big risks.

4. Advanced Earnings – ₹500–₹1000 Daily Profit Formula

If you want bigger profits, follow this three-step method:

Step 1: Identify the trend

Watch the last 10 rounds before placing money.

Step 2: Bet progressively

Use slow double-step progression:

₹20 → ₹40 → ₹40 (not full doubling like risky Martingale).

Step 3: Cash out early

Once you reach ₹600–₹800 profit, stop immediately.

Daily small profits are better than big risky gains.

5. Earn Extra Without Playing – Referral Program

Tiranga Game offers a strong **refer and earn** feature:

- Share your link
- When someone joins, you get a reward
- You earn commissions every time they play

Many users earn ₹100–₹300 per day just from referrals, making it a great passive income source.
